Dear Families,

I hope you enjoyed your day off! Today your child is bringing home sight words through our first semester. You may use the schedule below when working with your child (introduce the words as we do in the classroom) or if your child is ready to "move ahead," you are welcome to keep moving.

You do not need to return the words. I will send home the remaining words in January. Cut and store words in a plastic baggie, tape the words on a poster or use a mini photo album and create a sight word book! Please be sure to practice with your child each night and encourage your child to create sentences using his/her sight words.

Thanks for your support!  
Kindergarten Teachers ☺
